eRead Illinois Lending Policies

Checkouts and Lending Period

You can borrow up to 5 titles at any time. The maximum checkout period is 21 days. All items can be returned early through the Axis 360 app, the Axis 360 Desktop Reader, or Adobe Digital Editions.

Holds

You may place up to 5 titles on hold at any one time. You will receive an e-mail when your hold becomes available. You will have 3 days from the time you receive the e-mail to checkout the book. If a hold is not checked out within 3 days, it will be passed on to the next user.

To remove or suspend a hold, login to your Axis 360 account, click My Lists, and then Hold Queue. To remove the hold, click the Remove option. You may also suspend your hold by clicking the Suspend button. This will temporarily remove you from the hold queue. To reactivate your hold, click the Activate button. When you reactivate your hold, you will return to the same position in the hold queue as when you suspended the hold.

Pre-Publication Titles

Titles will appear in the catalog prior to the publication date. As soon as an item appears in the collection, you may place a hold on it just as you would with already published titles.

Renewals

Items can be renewed as long as no other patron currently has the title on hold. You may renew a title from your list of Items on Loan. This will place the book in your Hold Queue for retrieval when the initial checkout period is complete.
